Update of TIER IV simulator

Prepared by TIER IV

Update of TIER IV simulator

- Name

We plan to name it “AWSIM [ôsim]”

This was called E2E simulator

- Progress of release

AWSIM is already available with binary file from July 7

Note that it was announced from Wojciech who is the chair of Simulation WG through Discord

AWSIM will become OSS after October 2022

- Utilization at AWF

The ITRI bus use cases will be tested with AWSIM soon

3D model of ITRI bus was developed by TIER IV/Robotec.ai

3D model of ITRI campus is being developed by MORAI
